

Declaration of conformity with the European Directive 2011/65/UE (RoHS)

Dear customer,

NOVASOM INDUSTRIES

declares that all the products that will be supplied to the company meet the requirements of the Directive 2011/65/UE ("RoHS2 Directive") on the Restriction of the Use of Certain Hazardous Substances - as amended by the following modifications and integrations - which means that they do not contain the substances listed in Table 1 (see attached sheet TABLE 1) in a concentration above the maximum values admitted in all their parts and components.

It is understood that the RoHS Conformity of all materials and parts we are provided with by itself is not under our responsibility.

Date: September 2020

Name and Designation: Christian Carrieri C.E.O.

Authorized Signature:

Banned substances and applicable exemptions from the RoHS Directive

Table 1: Substances banned by the RoHS Directive

SUBSTANCE

MAXIMUM CONCENTRATION VALUES

- Lead and lead compounds

0,1% by weight of homogeneous material* **(1g/Kg – 1000 ppm)**

- Mercury and mercury compounds

0,1% by weight of homogeneous material* **(1g/Kg – 1000 ppm)**

- Cadmium and cadmium compounds

0,01% by weight of homogeneous material* **(100mg/Kg – 100 ppm) ***

- Hexavalent chromium compounds

0,1% by weight of homogeneous material* **(1g/Kg – 1000 ppm)**

- PBB (Polybrominated biphenyls)

0,1% by weight of homogeneous material ***(1g/Kg – 1000 ppm)**

- PBDE (Polybrominated diphenylethers)

0,1% by weight of homogeneous material* **(1g/Kg – 1000 ppm)**

*Homogeneous material means any unit that can not be mechanically disaggregated into several separated materials.
